# Aqua Leaves and Foot Huggies

*Easily transform ordinary pedicures into spa pedicures with two new systems.*

By Victoria J. Schoenke

Cuccio Naturalé introduces Aqua Leaves for use in your pedicure tub to enhance your traditional pedicure services and boost your profits. Aqua Leaves are available in packs of six individually wrapped discs so that each client has her own kit. Once placed in the water, the large leaves moisturize, the smaller leaves clean and deodorize, and the effervescent pedicure tablet sanitizes with Chloramine-T, tea tree oil and thymol.

Give your clients a fun fall pedicure makeover with the Foot Huggies line of Foot Files, Whipped Body Creams and Toeless Socks. Use the 100-grit Foot File either wet or dry to remove dry skin. Made with 65% shea butter, the Creams moisturize cracked, dry heels. The fashionable Toeless Socks are made from 85% cotton and keep feet cozy after lotion is applied.

# Foot Huggies

Used together, the three products from the Foot Huggies line will give your clients soft, supple feet. The Whipped Body Creme is available in nine scrumptious flavors, including Sweet Briar Rose, Banana Cream Pie, Mint Squared, Orange Creamsicle, Vanilla Wild, Spicy Lime, Fresh Rain, Citrus Fusion and Languid Lavender. The Foot Files come in 9 corresponding colors, and the Toeless Socks are offered in 13 colors, 9 of which match the Cremes and Foot Files.

## Step 1

## Step 2

## Step 3

## Step 4

**Step 1.** Start by giving your client a normal pedicure service. Use the Foot File to remove any dry skin and calluses from the feet.

**Step 2.** Massage the Whipped Body Creme into your client's feet, heels and calves.

**Step 3.** Slip on a pair of the Toeless Socks to help skin absorb the Creme.

**Step 4.** Paint your client's toenails with the polish of her choice. ↓
